**STIPULATION FOR VOLUNTARY SURRENDER
OF MEDICAL LICENSE &
ORDER**

COME NOW Respondent Weldon Bond, D.O. ("Dr. Bond") and Investigative Board Member ("IBM") Scott E. Manthei, D.O., along with his counsel, Dianna Hegeduis, Board Counsel, Nevada State Board of Osteopathic Medicine, and stipulate and agree as follows:

I. RECITALS / ALLEGATIONS:

As a preamble to this Agreement, the Parties agree to the following:

- A. WHEREAS, the Board, through the IBM, ascertained certain information regarding Dr. Bond writing prescriptions without a federal Drug Enforcement Administration ("DEA") registration, inadequate medical records keeping, and possible overprescribing for a patient identified hereinafter as "J.G." The information was ascertained as a result of the Board's staff due diligence in investigating its applicants/licensees.
- B. WHEREAS, the IBM has alleged as follows: (1) The DEA registration for Dr. Bond expired July 31, 2009. Notice was sent by the DEA to Dr. Bond's last known address of 2881 So. Valley View, Suite 17, Las Vegas, Nevada, on June 10, 2009, reminding Dr. Bond of his need to renew his registration. When Dr. Bond did not renew his registration, a delinquency notice was sent to the Valley View address on August 7, 2009, by the DEA once again reminding Dr. Bond that his registration expired on July 31, 2009, and that his DEA registration, No. BB1354733, would be "retired" effective September 1, 2009. Although he did not have the proper DEA registration, Dr. Bond wrote prescriptions for controlled substances during the months of August, September, October, and December 2009, as well as during January 2010, without the required registration with the DEA, and such is unprofessional conduct inasmuch as his DEA registration was expired as well as retired. (2) The IBM has further alleged that the medical records seized from the residence of Dr. Bond pertaining to patient J.G. were inadequate and did not support a need for the prescriptions written to patient

- J.G. An expert witness was retained by the Board and it was his opinion as well that the medical records were incomplete, inadequate, and did not support the prescriptions issued to patient J.G. (3) Lastly, it was the opinion of both the IBM and the expert witness that Dr. Bond was overprescribing for patient J.G. (4) The IBM did notify Dr. Bond twice in October 2009 that he was prescribing controlled substances without the proper DEA registration, yet Dr. Bond did not cease writing prescriptions for controlled substances.
- C. WHEREAS, Dr. Bond alleges that due to his medical problems, his "record keeping over the past 4 years in Nevada became less complete" and that he believes it is "prudent that [he] take a break from active medical practice and . . . [that he] will no longer treat Nevada patients, practice in Nevada, or write narcotic pain medication prescriptions." He "emphatically deny that [he] ever exchanged any thing of value much less prescriptions for any alleged photos."
- D. WHEREAS, Dr. Bond has alleged that this Licensing board and the DEA should have taken a more "pro-active role in pointing out to a physician early on what they think is in the best interest of protecting the patient rather than just pouncing on a physician down the road" The Board has counter-alleged that the DEA sent notices to the last known home residence and office addresses of Dr. Bond regarding his expiring DEA registration and the Board itself sent two notices in October 2009 to Dr. Bond warning him to cease his activities. Additionally, it is the responsibility and obligation of a physician to know the relevant laws pertaining to the practice of osteopathic medicine.
- E. WHEREAS, a formal disciplinary complaint was filed by the IBM against Dr. Bond on January 7, 2010; an amended complaint was filed by the IBM against Dr. Bond, in the same action, on January 20, 2010; and a Second Amended Complaint was filed by the IBM against Dr. Bond, in the same action, on February 19, 2010.
- F. WHEREAS, the allegations contained in the complaints against Dr. Bond include the allegations that Dr. Bond has engaged in unprofessional conduct by reason of the following acts: (a) he deceived the public by writing prescriptions for controlled substances when he did not have the DEA authority to do so; (b) by writing prescriptions without compliance with the Federal Code of Regulations (21 C.F.R. §1306), he has engaged in medical conduct that is harmful and/or detrimental to the public's health, safe, and morals, and does not comply with the standards of care and prescribing requirements for osteopathic physicians practicing in the State of Nevada; (c) by writing prescriptions without a DEA registration, Dr. Bond has violated NRS chapter 454 and the federal regulation identified herein. Based upon such unprofessional conduct as described in this paragraph, discipline is warranted pursuant to NRS 633.511(1) and such discipline is set forth in NRS 633.651 as amended by the 2009 Nevada Legislature.
- G. WHEREAS, the allegations contained in the complaints against Dr. Bond include the allegations that based upon the inadequate and incomplete medical records on patient J.G., Dr. Bond has engaged in unprofessional conduct by violating NRS 633.131(m) and has engaged in unethical conduct by violating NAC 633.350, for which discipline pursuant to NRS 633.651 as amended by the 2009 Nevada Legislature is warranted.
- H. WHEREAS, the allegations contained in the complaints against Dr. Bond include

- allegations that he has engaged in unethical conduct by prescribing controlled substances in a manner and in an amount that is excessive and is not supported by the inadequate and incomplete records on patient J.G.; that Dr. Bond has engaged in unethical conduct by prescribing controlled substances to patient J.G. without conducting physical examinations and/or ordering tests to confirm any diagnosis and/or prognosis, and indicates an unfitness to practice osteopathic medicine in the State of Nevada; and by engaging in such unethical conduct, discipline is warranted pursuant to NRS 633.511(1) and such discipline is set forth in NRS 633.651 as amended by the 2009 Nevada Legislature.
- I. WHEREAS, Respondent has failed to comply with NRS 633.625, i.e., submit his fingerprints for submission to the appropriate law enforcement agencies; and based upon such statutory violation, discipline is warranted, i.e., the revocation of Respondent's osteopathic medicine license.
 - J. WHEREAS, NRS 622.400(1) states that a "regulatory body [such as this Board] may recover from a person reasonable attorney's fees and costs that are incurred by the regulatory body as part of its investigative, administrative and disciplinary proceedings against the person if the regulatory body" either enters a final order or enters into a settlement agreement.
 - K. WHEREAS, the parties have agreed to settle this matter, rather than requiring the Board to proceed with a formal disciplinary hearing.
 - L. WHEREAS, the parties understand that this document will be signed by the respective parties and will then be offered to the Board for the entire Board's approval at the next Board meeting, with the recommendation of the IBM that this matter be settled. The stipulation shall not become effective until it has been approved by a majority of the Board and endorsed by a representative member of the Board.
 - M. WHEREAS, Dr. Bond understands that the Board is free to accept or reject this stipulation and, if rejected by the Board, the formal disciplinary hearing in this matter may be rescheduled. The Board members who review this matter for approval of this stipulation may be the same members who ultimately hear the disciplinary complaint or proposed findings of fact, conclusions of law, and order, if this stipulation is not approved by the Board. Dr. Bond hereby agrees to waive any rights he might have to challenge the impartiality of the Board to hear the disciplinary complaint, or the proposed order after a full hearing, based on prior knowledge obtained by the Board through consideration of this stipulation, if after review by the Board, this stipulation is rejected. Furthermore, if the Board does not accept the stipulation, it shall be regarded as null and void.
 - N. WHEREAS, Dr. Bond acknowledges that the Board will retain jurisdiction over this matter until all terms and conditions set forth in this stipulation and Order have been met to the satisfaction of the Board.
 - O. WHEREAS, Dr. Bond acknowledges that the Board had a reasonable basis to believe that the statutes and/or regulations regulating the practice of Osteopathic Medicine in the State of Nevada were violated.
 - P. WHEREAS, in order to resolve the matter and to save further costs and expenses, Dr. Bond has elected to enter into this stipulation to resolve this matter.
 - Q. WHEREAS, Dr. Bond acknowledges that once accepted by the Board, this stipulation and all associated documentation become a matter of public record

- (with the exception of medical information related to the patient).
- R. WHEREAS, Dr. Bond has had the opportunity to obtain the advice from competent counsel of his choice concerning the terms and conditions of this stipulation and the execution thereof. No coercion has been exerted upon Dr. Bond, nor have any promises been made other than those reflected in this stipulation. Dr. Bond freely and voluntarily entered into this stipulation, motivated only by a desire to resolve the issues addressed herein. Dr. Bond has executed this Agreement only after a careful reading of it and a full understanding of all its terms.
- S. WHEREAS, Dr. Bond is fully aware of his rights to contest the charges pending against him. These rights include: representation by an attorney at his own expense, the right to a public hearing on any charges or allegations filed, the right to confront and cross-examine witnesses called to testify against him, the right to present evidence on his own behalf, the right to compulsory process to secure the attendance of such witnesses, the right to testify on his own behalf, the right to receive written findings of fact and conclusions of law supporting the decision on the merits of the complaint and the right to obtain judicial review of the Board's decision. Should the Board accept this stipulation, Dr. Bond voluntarily waives these rights.
- T. WHEREAS, this stipulation and Order shall be construed in accordance with the laws of the State of Nevada.
- U. WHEREAS, this stipulation and Order contains a complete description of the agreement between the parties and it supersedes any previous agreements between the parties. All material representations, understandings and promises of the parties are contained in this stipulation. Any modifications must be set forth in writing, signed by all the parties, and approved by the Board.

II. TERMS OF THE STIPULATION:

- A. Dr. Bond acknowledges that the allegations contained in the complaints on file in this matter are true, and each act alleged is a violation of NRS and/or NAC chapters 633 and discipline is permissible under Nevada law. Should Respondent sell any real estate currently in his possession, Respondent agrees that at least fifty percent (50%) of the balance due and owing shall be paid immediately.

The Board may take whatever action it deems appropriate, including but not limited to reducing the balance to judgment pursuant to NRS chapter 353C and the reinstatement of the disciplinary actions against Dr. Bond. Dr. Bond understands and agrees that this amount must be paid to the Board prior to seeking the reinstatement of his Nevada Osteopathic medicine license.
